

What We Do

Guernsey Trees for Life (GTFL) believe that trees are an essential part of our living environment and matter to all of us. We aim to encourage the protection, conservation and enhancement of our environment through the simple yet powerful act of planting trees and educating our community about the benefits of trees, and how to plant and care for them for future generations.

GTFL has been working in Guernsey since 1935. Ever since the Dutch elm disease crisis in the 1980s members have been instrumental in establishing and supporting replanting schemes. With the ever-increasing threats to our living environment from climate change, biodiversity loss and invasive non-native species the need to plant and care for our island's trees & woodland has never been more critical.

We work in partnership with individuals, groups, businesses and other environmental organisations. Our work is funded by membership subscriptions, sponsorship, donations and grants. We have an ambitious programme to deliver and we hope you choose to join us and help in our quest.

Who We Are

Guernsey Trees For Life is a Guernsey Registered Charity (CH301) and a member of the Association of Guernsey Charities (168).

If you have any questions, suggestions or wish to get involved in the day to day running of our organisation please contact us:

Membership Form

Becoming a member of Guernsey Trees for Life is easy. Please complete this side of the leaflet and either scan/photograph it and email it to our technical officer, Andy McCutcheon gsytreesforlife@gmail.com

or post to:

GTFL c/o Mr A McCutcheon, Sandringham Villa, Bouet, St Peter Port, GY1 2AX or

TEL: 07781 110180

What Your Membership Provides

All the funds raised from membership subscriptions go directly into tree planting projects, education and looking after the plantings that have been done in the past.

You will receive newsletters from time to time and invitations to attend talks, workshops and events. Members are actively encouraged to get involved with our work parties which are organised to plant trees or manage and maintain previous tree planting sites.

Our membership holds a considerable wealth of knowledge in a number of areas, from practical tree skills to local and historical knowledge on trees. We aim to share this valuable knowledge and learn from one another.

Your name/s (single/couple membership)

Children's names & ages (family membership)

Your address

Postcode

Telephone

Email

Your interests (tick all that apply)

- Planting trees
- Joining work parties to maintain plantings
- Attending talks/workshops about trees/habitats
- Learning about pruning/tree diseases
- Education
- Becoming a tree warden
- Fundraising
