Help Hope Live!

WHO I AM

My mother (caregiver) had passed away. I wasn't working and just graduated from grad school, so I needed to raise funds for my personal care that wasn't covered through insurance (there is no 24-hour personal care in Florida) to the extent of time I needed and was comfortable to stay home alone. During this time, I organized a golf tournament and dinner dance as well as direct donations.

HHL has allowed me and thousands of individuals to fundraise for quality of life medical equipment and services. I'm grateful to Help Hope Live and will continue to educate others on HHL's imperative mission.

SAMPLE EXPENSES

- Daily Personal Care hours
- Alternating Air Mattress

HOW I HELP HOPE LIVE

I inform the newly disabled (SCI) and their families as well as clinicians and case managers about the benefits of Help Hope Live.
