

GURI CIGARS CATALOG

SMALL RING GAUDES ONLY

Our Story

A passion for tobacco aromas and the rich scents of cigars turned, in 2022, from a dream shared by two individuals into a reality. After extensive work, thoughtful planning, countless tastings, and a significant investment of both resources and heart, two partners founded Guri Cigar—a boutique business dedicated to the production and distribution of fine cigars.

Initially established in Israel, the company focused solely on importing and distributing cigars within the country. However, within a few months, the founders expanded their vision and established a second company in Nicaragua, aiming to grow, evolve, and share their cigars with the world. The company now oversees five small factories, where its brands are meticulously crafted, alongside additional brands for which it serves as the exclusive distributor.

In addition to its in-house production, Guri Cigar acts as an importer and distributor of a wide selection of premium cigar brands.

Our vision is to bring only premium brands to the market, with a strong emphasis on rigorous quality control processes, while maintaining accessible pricing—ensuring that as many people as possible can enjoy the craftsmanship we dreamed of and brought to life.

**With love and partnership,
Guri Cigar**
