Gusto 10 Drum Food Carousel

The Gusto 10 drum is the smart solution for sites needing to offer a variety of chilled catering products 24/7. Not just a vending machine but a true automatic canteen. Flexibility in the configuration of the Gusto 10 drum allows the user to choose between snacks, drinks, fresh dishes, fruit, and yoghurt.

The newly enhanced electronics, PVC internal material construction and insulation help the Gusto 10 drum to achieve an energy rating of E in the new EU energy management testing protocol IEC EN 63252.

This class leading performance gives greater reductions in energy consumption at 2146 kWh per annum and lower carbon emissions profile thanks in part to using the new environmentally friendly r290 refrigerant gas, good for your wallet and the environment.

- Slide in – slide out cooler unit for easy access and replacement
- 10 drums with up to 36 Compartments per drum (280 mm depth)
