Water Coolers - Bottled Cooler

4400

The AA-range of Bottled-water coolers are stylish, elegant, robust and extremely reliable. They are available in both floor-standing and table-top designs, ensuring convenient re-hydration to almost any business location.

The “4400X” model consists of:

WBC4400X: Floor standing Ambient & Cold

WCBH4400X: Floor standing Hot & Cold

WCBTC4400X: Table top Ambient & Cold

WCBTH4400X: Table top Hot & Cold

...and now comes fitted with “FloodGuard” as standard.

FloodGuard.

A flood prevention device, which stops an internal leak from becoming a disaster!

Cabinet

Cold-rolled 20 gauge embossed steel with baked on acrylic enamel finish.

Drip tray

Lift out design, which can be connected to mains drainage. High impact durable plastic. Removable anti splash grid.

Taps

Modern push and hold solenoid taps replace the old fashioned manual taps. The push and hold action prevents leaving the tap running by mistake whilst operating as a safety tap at the same time.

New Hygiene Guard Tap Cover

The spouts of solenoid taps are protected by the new Hygiene Guard tap covers. Their silver impregnation is designed to prevent hand to tap bacterial contamination.

Cup Holder

Integrated cup holder to fit 7oz and 9oz cups (Available on floor standing models only)

Removable lower front panel

Spring loaded lower front panel. Remove drip tray and simply press down to remove entire lower front panel for easy access.

Refrigeration System

Quiet, air cooled static-type condenser. No fan required.

Protected against motor overload.

Unit hermetically sealed. R-134a refrigerant.

- Power supply

220 Volt, 50/60Hz. 3 pin plug and 180 cm power cord.

- Footprint:

(Floor Standing) 1175mm (h) x 340mm (w) x 340mm (d).

(Benchtop) 470mm (h) x 340mm (w) x 340mm (d)
