Can & Bottle

Sielaff XL

With up to 72 selections covering 9 selections per shelf and 8 shelves, the Sielaff XL has the massive capacity to handle most shapes and sizes of bottles or cans. The Sielaff XL quietly delivers a product in under 10 seconds with a soft delivery tray capture system. The XL ideal for any business looking to provide a cold drinks service where a good selection quantity is a must. The large brightly lit glass fronted window (using low energy l.e.d. lighting) offers an outstanding refreshment presentation. It has been fitted with a delivery sensor, detecting hesitant or unsuccessful product vend and in the event this should occur, a full money refund is available, ensuring complete consumer satisfaction. The self-contained highly energy efficient refrigeration deck has improved performance and can easily be removed from the machine.
