# Coffetek Vitro Series Three Espresso DUO

Designed to satisfy diverse drink preferences without compromising on quality, this machine offers true café-style beverages in a small footprint. With its intuitive touch screen interface, contemporary smoked glass styling, and energy-efficient design, the Vitro Series 3 Espresso Duo ensures a smooth and professional user experience while delivering barista-quality coffee and real-brewed tea at the touch of a button. Designed to satisfy diverse drink preferences without compromising on quality, this machine offers true café-style beverages in a small footprint.

The 10-selection menu is brightly lit, responsive and easy to use, with the bonus of being able to display video branding or corporate messages. The Vitro Series Three Espresso Duo features an intelligent L.E.D. lighting system for the dispense area and beverage cup locator which can be changed to suit the environment.

The Vitro Series Three Espresso Duo has sound environmental credentials with most of it of materials used in its construction being recyclable at the end of its life. It is packed with clever energy saving technology such as an energy management system which can learn usage patterns and power down and reduce energy consumption. There is a large ingredients capacity capable of producing 210 cups of coffee and 220 cups of tea.
