Gusto 10 Chilled Food - Snacks & Cold Drinks Combination

The dynamic Gusto 10 is packed with cutting edge technologies and product dispense features. Making informed consumer choices has never been easier; a 4.3-inch media screen can display product information as well as video adverts. The Gusto 10 can optionally feature Evoca's electronic tray labelling system, this displays digital pricing, promotional messages, allergen or nutritional information directly beneath each product. When you are ready to pay, Evoca's latest GIGA platform allows greater integration with up to three optional payment systems in the same machine, including contactless card, mobile phone payment. The technology revolution does not end there; using Evoca's optional remote telemetry system Vend Track, you may change the digital prices remotely and gain access to sales data. With extensive insulation of the cabinet, L.E.D. lighting and an advanced energy management the Gusto 10 has an energy rating of C, good for your wallet and the environment. The wealth of features are designed to aid increased sales, enhance user experience and simplify operating tasks.

- Simple menu selection and clear information makes the Gusto 10 is easy to use.
- The latest N&W GIGA platform allows payment by contactless card or mobile phone.
- Class leading energy consumption 1127 kWh rating of C.
