## Gusto 6M

In terms of energy efficiency and performance, Gusto 6M is one of the most interesting vending machines for the segment of six-spiral distributors. The new Gusto 6M represents a great evolution for this segment, offering technological solutions typical of the high-end products of our range. Sell three different product ranges, either snacks, food, can and bottle. Select the non refrigerated version and use it for PPE or non food products. Some of the features include energy efficiency mode.
