## Gusto 6 Classic M Combination

At only 1.7 meters tall the Gusto 6 Classic M will fit through virtually any door and the tightest of spaces. Lack of bulk does not translate into lack of capacity; a whopping 300 mixed confectionery and cold drinks from this combination version. Gusto 6 Classic M has optimized space inside for greater product capacity. Even more technology arrives in the shape of Evoca's optional remote telemetry package, giving you the ability to change the digital prices remotely and have access to sales data. Refrigeration is provided by a high efficiency dual temperature cooling unit, offering a low energy consumption, at 1125 kWh/per annum. With extensive insulation of the cabinet, L.E.D. lighting and an advanced energy management the Gusto 6 Classic M has class leading energy rating of D, good for your wallet and the environment. All of these features will help to increase sales, enhance user experience and simplify operating tasks.

- Simple touch keypad buttons and clear graphic screen makes the Gusto 6 Classic M is easy to use.
- The latest operating platform allows payment by contactless card or mobile phone
- Change prices and monitor performance using optional remote telemetry technology
