The Barista Touch 1000 closes the gap between artisan coffee shop quality and high-volume vending performance. Delivering fresh-bean espresso, premium speciality drinks with silky micro-foam milk, fresh leaf tea and a consistency that operators dream of, and customers instantly trust.

The rich twenty-four-inch, high-definition touch screen offer endless coffee shop drinks combinations and an easy-to-use selection experience. Integrated connectivity allows customers multiple payment choices from cash to mobile and even smart watches.

The Barista Touch 1000 supports organisational sustainability goals across all sectors by using energy-efficient brewing that reduces electricity consumption, long-life components that reduce environmental impact over the machine's lifecycle, end of life recyclable material choices with 96% of its materials being recycled. Whether you're meeting corporate environmental, social and governance targets, NHS Evergreen commitments, or campus sustainability strategies, the Barista Touch 1000 helps you deliver better coffee with a lighter footprint.
