Refresh 60 Snacks Can and Bottle Combination

The Refresh 60 can, and bottle vendor has a simply huge, chilled drinks capacity. the Refresh SCB 60 offers great retail potential and informed consumer choices from its display screen. The bright and clear display allows the Refresh SCB 60 to play adverts, show pricing, and product information before a purchase is made. When you are ready to make your purchase.

When supplied with the Nayax dot reader, it can read pre-paid Nayax cashless cards and key fobs using optical or Nearfield communication. This means offers can be created online and distributed by barcode or loaded onto cards and fobs. The Nayax card system can be integrated as an electronic wallet app to be used with mobile phones on both Apple Store app and Google Play store app.

The technology revolution doesn't end there; using vend detection technology, consumers can be assured that they only pay for products that have vended. With extensive insulation of the cabinet, L.E.D. lighting and an advanced energy management the Refresh SCB 60 has low energy consumption, good for your wallet and the environment. The wealth of features is designed to enhance user experience and increase sales.

Simple button selection menu and clear information display makes the Refresh SCB 60 so easy to use.
Payment by cash, contactless debit or credit card, mobile phone, and even smart watch
