

## Creating Polling reports in Harvest-Watch

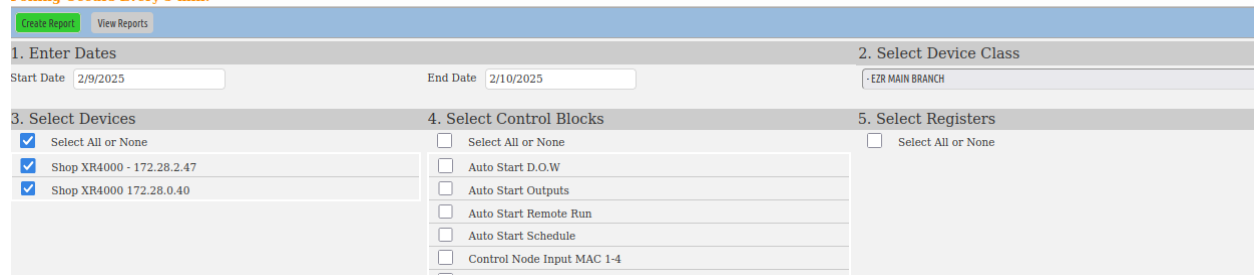

polling reports allow users to create excel spreadsheets full of selected data specific to a device. This way you can gather details like pump runtime over a select period, or even seeing what nights a valve/ pump was running.

The only limitation of polling data report is that you can only gather data up to 12 months prior the time of accessing it.

First in order to create polling reports you must be logged into a Account Admin account.

From here click on Polling Data reports, a new page will appear.

Account Admin
<a href="#">Account Users</a>
<a href="#">Change Register Names</a>
<a href="#">Define Alerts</a>
<a href="#">Device Groups</a>
<a href="#">Devices</a>
<a href="#">Logon History</a>
<a href="#">Polling Data Report</a>
<a href="#">View Reports</a>

The screenshot shows the 'Polling Data Report' creation interface. It has a top bar with 'Create Report' (green) and 'View Reports' (grey) buttons. Below are five sections: 1. Enter Dates (Start Date: 2/9/2025, End Date: 2/10/2025), 2. Select Device Class (EZR MAIN BRANCH), 3. Select Devices (checkboxes for 'Select All or None', 'Shop XR4000 - 172.28.2.47', and 'Shop XR4000 172.28.0.40'), 4. Select Control Blocks (checkboxes for 'Select All or None', 'Auto Start D.O.W', 'Auto Start Outputs', 'Auto Start Remote Run', 'Auto Start Schedule', and 'Control Node Input MAC 1-4'), and 5. Select Registers (checkbox for 'Select All or None').

On the page you will be able to select a few variables.

Step 1: start with the data report period. Select a start and end date for your report.

Step 2: select the device class of the devices you would like to create a report for.

Step 3: select your devices on the left hand side. Multiple devices can be selected for a report.

Step 4: Select the control blocks you would like to see data from. Control blocks represent blocks of function.

Step 5: After selecting your control blocks, select which registers you would like to get data from.

Once you have selected what data you would like, Click on the green “Create Report” button.

Once you click on the create report button, a message should appear.

The screenshot shows a message box with the text 'Polling Report Queued... Goto to Reports page for Status and Export' in orange. Below the message are 'Create Report' (green) and 'View Reports' (grey) buttons. At the bottom of the page, contact information is listed: IAS ♦ 1Main St. Box 10/Bldg. 13 Suite 1-2 ♦ Whitinsville ♦ MA 01588 ♦ PH: 800-549-4551 ♦ FAX: 508-923-7524 ♦ www.iassys.com Manufacturing, Shipping and Receiving.

Correspondence and Receipts...PO Box 552, Grafton, MA 015019

if this message appears click the gray button labeled “View Report”.  
This brings you to another page, here you will see current and previous reports.

Click Select on a completed Report to Export it

Account	Created	Type	Status	Started	Completed	Report Id
BrettsFarm	2025-02-10 10:38:05	PollingData	Completed	2025-02-10 10:38:09	2025-02-10 10:38:11	333

Here you will have to wait for the report to finish creating. Once it has finish creating, click on the select button to the left of it. This downloads the .CSV file.
