Company Profile

Yalong Ceramic was founded in 1999, with its headquarters located in Shenzhen, Guangdong, and its factory located in Chaozhou, Guangdong.

Yalong Ceramic is a ceramic product manufacturer that integrates design, research and development, production, and sales. The factory specializes in producing high-end hotel tableware, coffee and tea sets, high-end club catering utensils and related products, and has multiple product design patents.

The factory has a production area of 10,000 square meters, with first-class technology and exquisite craftsmanship, advanced intelligent equipment and first-class product quality. The styles are diverse and highly favored by domestic and foreign customers.

For 23 years, Yalong has focused on quality control and independent product development, constantly researching and innovating new processes and materials while emphasizing sustainability, functionality, and original design. "Exquisite", "luxurious", and "quality" are key labels for our products, providing consumers with a higher quality of life and a wonderful experience beyond simple usage.

Yalong never forgets its original intention, focusing on product details and quality design, progressing from originality to becoming classics, and has earned high reputation and recognition among its extensive customer base while providing high-quality services. Currently, our company has opened five direct stores in several major cities in China, located respectively in Guangzhou, Shenzhen, and Shanghai.
