

Article XV: Rescheduled Games and Game Duration

1. Games canceled due to bad weather or bad field conditions will be rescheduled as soon as possible. The League Presidents are responsible for rescheduling the games and must coordinate the rescheduled games with the Umpire-in-Chief.

2. Managers and coaches cannot cancel or reschedule games. The League President, VP or Umpire-in-Chief have the only authority to cancel to cancel and reschedule games.

3. All games on the schedule will count as League games and will figure into the final standings.

4. In the event of the same win and loss record, the following order will be used as the tie breaker system:

- a. If time and a playing field are available; a one game playoff will be used to break a tie. The Playoff game will NOT figure into the Standings. It is ONLY to break the tie between the tied teams. The League President will schedule these games, if they are necessary.
- b. If a playoff cannot be done, then the head to head record will break the tie.
- c. If a tie still exists, then the point spread head to head will break the tie.

5. Any game reaching the given time limits and is at the end of an inning regardless of the number of innings played will constitute a complete game. The length of a complete game will be as follows:

- a. Babe Ruth Division: 7 innings, no new innings after 1 hour 45 min, "drop Dead" 2 hours.
- b. Major Division: 6 innings, no new innings after 1 hour 20 min, "drop dead" 1 hour 30 minutes.
- c. Minor Division: 6 innings, no new innings after 1 hour 20 min, "drop dead" 1 hour 30 minutes.
- d. Peewee Division: 4 innings, no new innings after 1 hour 20 min, "drop dead" 1 hour 30 minutes.
- e. Rookie Division: 4 innings or no new inning after 1 hour, "drop dead" 1 hour 10 minutes.
- f. T-ball Division: 2 innings or 45 minutes. Whichever comes first.

If the "drop dead" rule is used because a game has reached the allotted time limit, regardless of the number of innings played or completed, the score shall revert to the last completed inning and shall be deemed a complete game.

6. Any game called before four complete innings or 3 ½ innings if the home team has the lead due to bad weather or darkness will be stopped and resumed at a later date and as soon as possible.

7. The game will be resumed from the suspended point. Games tied at the end of regulation play and extra innings cannot be played due to a following game being scheduled on that field will be recorded as a tie. They will only be completed as deemed by the League President.

8. Any game called due to bad weather or darkness which has reached the allotted time limit, regardless of the number of innings played or completed, shall revert back to the last completed inning and shall be deemed a complete game.

9. Games that end in a tie score, and are deemed a complete game, will be recorded as a tie game. A tie game shall count in the standings as a ½ game win only.
