

PMG PA Corporation Fund Tuition Assistance for EMS Certification With Moshannon Valley EMS

Who is PMG PA Corporation

Who is PMG: We are the preferred global partner for today's and tomorrow's powder metal and automotive solutions. Driven by the passion of outstanding employees, we deliver innovative and efficient powder metal solutions that assure a sustainable competitive advantage.

What we do: PMG supplies powder metal components and systems that ensure a sustainable competitive advantage. In our rapidly changing world, agile structures are essential. As a global medium-sized company, PMG is on one hand big enough to support customers' demanding changes, and on the other smart enough to do so in a fast, and effective manner. Our production capacity gives us the flexibility to manufacture a wide range of various products – from small shock absorber valves up to big range fears for xEV reduction transmissions. We produce approximately 400 million shock absorber parts per year, 60 million transmission components, 20 million synchronizer rings, 30 million synchronizer hubs, and 8 million sliding sleeves, averaging over 500 million automotive parts per year.

The future technology of powder metallurgy: We're moving towards a sustainable, smart, and safe future of mobility. Powder metallurgy will play a leading role in it. Compared to other technologies, powder metallurgy takes the lead with its low energy consumption, its enormous possibilities for material combinations and shapes, and its outstanding product properties.

Working Together: Passion for Shaping the Future of Mobility:

PMG PA Cooperation is dedicated to shaping the future. "PMG will drive future development as a leading global supplier together with its partners." PMG's goal in shaping the future is to help drive young minds to strive in a field of excellence, and by offering this scholarship in conjunction with PMG, we hope to provide the youth of our area a foundation to begin a career.
