

Mansfield Pony Club: 2024 membership renewal

Pony Club memberships expire on 31 December 2023.

Membership fees are now due and must be paid before attending a rally, competition or clinic from 1 January 2024. **Any riders attending the Will & Em Clinic in January must have renewed their membership before attendance.** Fees are paid on line through the Pony Club Australia database.

A help guide has been prepared by PCA to help you to navigate your way through the new system.

All the links and steps to pay/renew your membership are in the help guide.

(1) Next steps:

1. Log in to JustGo
2. In the 'membership section' select the category of membership that applies to you.
 - a. If you are renewing on behalf of your child/rider, choose the Mansfield Pony Club category that applies to your rider (e.g. rider or sibling). Please also check the age category (age is applicable as of 1 January 2024). Please read the membership details section below for more information. It may ask you for horse registration, you can do that at a later date.
 - b. If you are renewing for your own Club Supporter membership (free), you still need to click on that membership category and go through the checkout. This means it registers with the Zone, State and Club organisations. **Every rider must have a Club Supporter member (adult) registered in the system, and every Club Supporter must have a current Working With Childrens Check.**
3. The other payment layers (North East Zone, Pony Club Victoria and Pony Club Australia – see below for summary) are automatically loaded and you will see them at checkout.
4. At the checkout, make sure you have the items in your cart that are shown in the examples below.
5. Credit card fees apply (so the total will vary a little).
6. Once you have checked out, you will receive emails confirming your membership to Mansfield Pony Club, North East Zone, Pony Club Victoria and Pony Club Australia.

(2) Membership details

The membership renewal is made up of a few levels.

1. Mansfield Pony Club fees: this covers the cost of our amazing instructors at rallies, purchase and maintenance of equipment and the general running of the Club. This fee is paid per family. It is attached to the first rider in each family, siblings do not pay this fee. The membership categories for both junior and senior riders are (1) MPC rider (first in family) and (2) MPC rider (sibling). This is the Club's main source of income apart from fundraising and events. **Please note that Mansfield Pony Club has kept our 2024 fees the same as our 2023 fees.**
2. North East Zone affiliation fees – covers the cost of our affiliation with the Zone. It includes the use of Zone equipment, zone management and expertise. *This fee is mandatory for each rider to pay.*
3. Pony Club Victoria fees – covers the cost of rider insurance and PCV costs. It is based on the age of the rider. *This fee is mandatory for each rider to pay.*
4. Pony Club Australia fees – covers the affiliation to the Australian body. *This fee is mandatory for each rider to pay.*

2024 fees are outlined on the next page →
