- **1 Local Connector based in Balranald**
- **Circa \$90,000 annual package (pro rata)**

About us

RDA Far West is an Australian Government funded not-for-profit organisation based in Broken Hill that supports economic growth and regional development across the Far West NSW region through innovative and proactive initiatives. We are a small team that is passionate about delivering high-quality outcomes for the communities in our region. We care about our team and strive to ensure a work life balance that motivates and inspires great outcomes and supports you to achieve your goals.

About the Roles

This is a highly rewarding and unique opportunity to help shape the future of our region. As a Local Connector, you will provide a community concierge service for new NSW Government employees, their partners and families moving to the region. This role would suit a sociable, creative, empathetic, organised person with great knowledge of their community.

You will support key workers, their partners and families to move and settle into their new community and make them feel welcome by facilitating new and positive social connections.

In addition to knowledge of your local communities and regional life experiences, desirable attributes include effective communication, the ability to work flexibly, collaboratively and creatively, solve problems, plan and prioritise and be customer-service orientated. As part of the role, you must be able to work flexibly and be available to work outside normal business hours and, on some weekends, to meet the needs and conveniences of key workers. You will work as part of a network of Local Connectors across NSW and collaborate with key stakeholders, community groups and other parties to enhance key employee attraction, recruitment and retention.

We are seeking **two** local connectors, one based in Wentworth for the Wentworth Local Government Area and another in Balranald for the Balranald Local Government Area. Both Local Connectors are **Part-Time roles (18 hours per week) for an initial period to 30 June 2026**, with the potential to extend the position depending on the outcomes and continued funding of the program.
