Coordinator School/Place: **LICEUL TEHNOLOGIC „ELENA CARAGIANI”, TECUCI**

Activity: **Multiplier event (Erasmus projects workshop)**

Period: **12th of June 2025**

Development of the workshop
12th of JuneMarch 2025
<p>The activities started with welcoming guests from school and companies by Mrs. María Elena Rincón, Headmistress of "María Moliner" Secondary and Technological High School, along with Mr. César de Frutos, Chief of vocational studies.</p> <p>The main activity of the day consisted of a workshop aimed at disseminating information about various Erasmus+ projects, student internships, and, above all, the results of the "ArdinVet" Erasmus Vocational Training project, which the center has developed over the past two academic years in partnership with centers in four other countries, including Greece, Italy, Romania, and Turkey.</p> <p>The program for the day was as follows:</p> <ul style="list-style-type: none"> • Welcome to attendees and presentation of the event. • Presentations of the various companies, projects of interest, and future plans. • Erasmus projects at IES María Moliner: the "ArdinVET" project • Erasmus experiences of students and alumni <p>Additionally, we were provided with details about the company's partnership with the educational environment in Segovia County, aiming to develop educational projects and encourage our students to join the IT sector. These learning programs are designed to involve students in solving real problems in their local communities, thereby contributing to the creation of emerging skills, especially in the field of science and technology.</p> <p>Following these presentations, meeting attendees were able to ask questions to better understand the details and implications of the different projects presented.</p> <p>Finally, the headmistress dismissed the attendees, closing the workshop.</p>
