

NANOOSE BAY PICKLEBALL CLUB

GROUP STRUCTURE

April 20, 2025

Each NBPC Member will be in one of the club's four Groups, which are listed below, and the approximate skill-level range of each Group is set out as well (*and note that the new Group names are meant to reflect that the first two Groups are primarily recreational while the upper two Groups have a relatively greater focus on competitive play*):

- **Rec-1** (*f.k.a. Group 1*): new players up to 3.0 USAPA rating, approximately.
- **Rec-2** (*f.k.a. Group 2*): 3.0 to 3.5 USAPA rating, approximately.
- **Comp-1** (*f.k.a. Group 3*): 3.5 to 4.0 USAPA rating, approximately.
- **Comp-2** (*f.k.a. Group 4*): 4.0 and above USAPA rating, approximately.

Initially, members are assigned to one of these four Groups based on the self-assessment form they complete when registering (so members should take care to be accurate when completing their self-assessment). Once in a Group, players can periodically try to move to a higher Group, through the club's Challenge-Up process.

Note:
