

## NANOOSE BAY PICKLEBALL CLUB

### NON-MEMBERS POLICY

April 28, 2025

- (1) When Court 1 (i.e., the “caged” court) is being used in a Club session and members of the public show up to play on that Court, the Club members should let them know that they will vacate the Court within 30 minutes.
- (2) Play during Club time, on courts being used by Club members, is limited to Club members, except a Court Coordinator may, in his/her discretion, permit a non-member to join in a Club session, provided the non-member provides the following:
  - (a) some form of government-issued photo ID;
  - (b) evidence that the player is a member of Pickleball Canada (this is important for insurance);
  - (c) a signed Waiver in the Club’s form (blanks of these can typically be found in the Court Coordinators’ bag, or can be found on the Club’s website under “More” -- “Club Info” -- “Procedures, Policies & Forms”); and
  - (d) payment of the Club’s drop-in fee of \$5 per session (which should be left in the Court Coordinators’ bag, for pick-up by the Club’s Treasurer).
- (3) With respect to play during Club time on courts NOT being used by Club members, we should remove any Club nets from those courts but should otherwise allow the non-members to play on those courts, so long as (a) their use of the courts is not interfering with the Club’s use of the other courts and (b) they are not violating any of the RDN’s rules regarding court use.
