Wirksworth Twinning Association

Wirksworth is twinned with Die in France and with Frankenau in Germany, and is developing strong links with Varallo in Italy.

Twinning exists to promote understanding between communities through joint activities and villages.

Members receive a regular email newsletter with our latest news and activities. We also have a Facebook page.

Die

Die, pronounced 'dee' is in South East France in the valley of the river Drôme, close to the Regional Park of the Vercors Plateau. With a population of about 4,000, the town is an important local centre famous for its sparkling wine - Clairette de Die.

Frankenau

Frankenau, and the villages of Allendorf, Altenlotheim, Dainrode, Ellershausen and Louisendorf (combined population around 3,000) is close to the River Eder in Hessen, central Germany. This is an area of rolling hills and forests. There is a historical link between these villages and the Huguenots, who fled there from the Diois in France in the late 17th century.

Varallo is in the Piedmont region of north-west Italy, on the Sesia river. We are developing ties with the Twinning group of Varallo, which has been twinned for many years with Die. The town was a place of pilgrimage in medieval times. It has many artistic treasures, including the Sacro Monte. It is famous for its carnival celebrations.
