## Thoughts and Feelings

**“As the car came over the brow of the hill, Penfold and Mossop could see the sea. The beach was full of people enjoying the sunshine.”**

Why would Penfold be excited?

Why would Mossop be nervous?

**“In the distance, Penfold and Mossop saw some grey dots bobbing in the sea. They decided to investigate, and so they ran towards the grey dots. As they got closer, they could see what the grey dots were. Penfold and Mossop slowed down.”**

What might Penfold and Mossop have thought when they first saw the grey dots?

Why do you think Penfold and Mossop slowed down?

**“After a long day at the beach, Penfold and Mossop got into the car and their humans drove them home.”**

What might Penfold and Mossop be feeling about going home?
