

VWVanagon – VW T3/T25 Wheel carrier mounting instructions :

**First clean the area where the support goes,
and put some tape to protect from scratches.**

**Then present
the piece and
mark the
fixing holes**

VWVanagon – VW T3/T25 Wheel carrier mounting instructions :

Remove the tape and repaint to protect from rust

Introduce the fixing plate through the gap of the air inlet

VWVanagon – VW T3/T25 Wheel carrier mounting instructions :

Present the wheel carrier and adjust the Uniball ball joints to leave it flat

Once straight, present the closure bracket and mark the holes. As before, first protect with tape

VWVanagon – VW T3/T25 Wheel carrier mounting instructions :

**Mount the
closure
bracket and
the internal
reinforcement
plate**

**Now mount
the wheel
and test. If
we see that
it drops a
little with
the weight of
the wheel,
adjust by
turning the**

corresponding uniball ball joint ...

VWVanagon – VW T3/T25 Wheel carrier mounting instructions :

And enjoy !!!
