

# **TIMOR-LESTE TOURISM DEVELOPMENT**

Tourism is one of the priority sectors to thrive and expand, thus contributing to economic development, job creation and strengthen society.

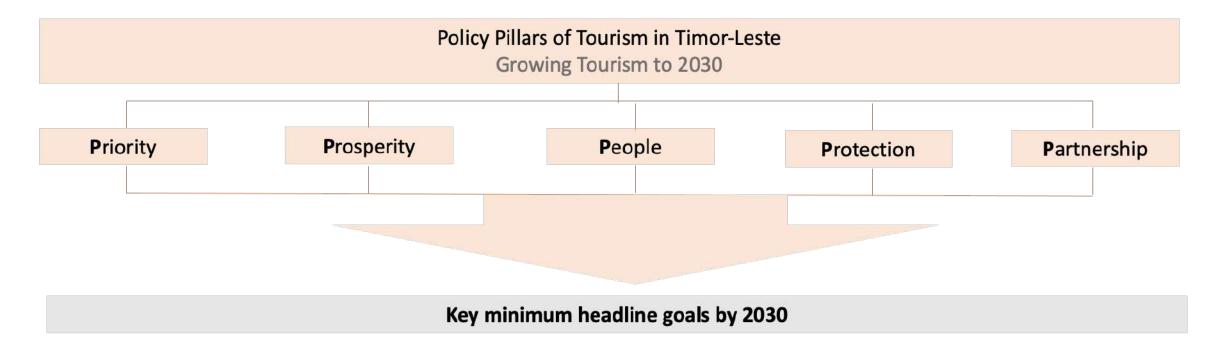

The Tourism Policy sets the path for the development of Tourism in Timor-Leste, based on 5 Priority Pillars: Priority, Prosperity, People, Protection, Partnership

Establishes strategic vectors of intervention and proposed actions in order to accelerate and boost the development of Tourism in partnership with all stakeholders', including national institutions, civil society, development partners and private sector.

# NATIONAL TOURISM DEVELOPMENT ESTRATEGY

- Revenue from overseas tourism and international visitors, excluding carrier receipts (air fares and ferry charges) will be at least US\$150 million per year (at 2016 prices i.e. adjusted for inflation between now and 2030).
- Employment in tourism will exceed 15,000 (approximately 4,300 at present)18.
- At least 200,000 international tourists will visit Timor-Leste annually with an average stay of five days.

# **TOURISM DEVELOPMENT PRIORITY**

Historical tourism -

building.

Agro tourism.

Ecotourism.

### THE MOST POPULAR LOCATION FOR LEISURE TRAVEL

### **2023 Survey of Travelers to Timor-Leste**

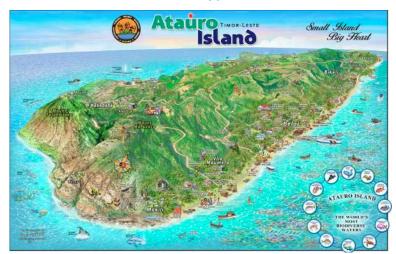

# 32,187 Leisure Travelers spend 20.4 millions

**ATAURO 20%** 

**LAUTEM 5%** 

# **TOURISM POTENCIAL MARKET VALUE**

Travel Segment	Approx. Market Size (Global in USD)	Timor-Leste Opportunities	
Scuba Diving \$35 Billion		Hard-core divers and leisure divers through promotion of dive sites, upskilling and accrediting dive resorts and dive-masters and the development of a hyperbaric chamber locally in Timor-Leste.	
Cultural and Heritage Tourism	\$600 Million	Tourism facilities to support visitation to key sites of significant buildings, monuments, museums. Development of facilities such as transportation, guides, public toilets, plazas, cafes, shops, etc.	
Hiking & Trekking	\$660 Million	Investments in route accessibility, promotion and signposting, and the development of new guided hiking trails and routes.  Combine promotion and packaging of treks and hikes with cultural and natural experiences such as homestays and regional accommodation and tours.  Invest in the training and accreditation of tour guides, ensuring they have adequate knowledge of the sites, languages, and people skills to meet travelers' expectations.	
Cetacean Tourism \$2.1 Billion (2008)		Promotion of Timor-Leste's unique offering of its year-round range of migrating cetaceans.  Collaborate with the International Whaling Commission (IWC) to establish good practices to grow segment sustainably by licensing and accrediting operators.
