GOVERNMENT OF ODISHA
REVENUE AND DISASTER MANAGEMENT DEPARTMENT

No. RDM-MMS-MEET-0009-2022 38234 /R&DM dated 10 NOV 2022

Sri Satyabrata, Sahu, I.A.S.
Additional Chief Secretary to Government

To

All Departments
All Revenue Divisional Commissioners
All Collectors

Sub: **Realization of additional charge along with EMF & DMF from the work bills of Works and other Engineering Departments in addition to the royalty of the Minor Minerals used in the project.**

Sir,

In inviting a reference to the subject cited above, I am to say that it has come to the notice of the undersigned that Works Department and other Engineering Departments are collecting only royalty from the work bills where no transit pass is submitted against the minor minerals utilized in their project. Thus, where the contractors use minor minerals collected from unauthorized sources, the executing agencies deduct royalty only.

However, proviso of Rule 58(5) of OMMC Rules 2016 reads that in case the executant fails to produce transit pass and money receipt in support of payment of royalty, the public works authority shall deduct the royalty and the cost of mineral and remit it to Government account in the Government Treasury & Rule 32(1) of OMMC Rules states that all the lessees for minor minerals other than specified minor minerals shall be liable to pay royalty or dead rent, surface rent, additional charge, amount of contribution payable to the District Mineral Foundation(DMF), amount of contribution payable to the Environment Management Fund(EMF) and fees for compensatory afforestation.

Non-collection of additional charge, amount of contribution payable to the DMF & EMF etc. will tempt the executants/contractors to collect minor mineral from unauthorized sources as they have to pay less than the amount payable in case of transportation from authorized sources.

In this connection, a meeting was held on 08.09.2022 at 01.00 P.M. under the Chairmanship of Development Commissioner-cum-Additional Chief Secretary, Planning & Convergence Deptt., Odisha and in the meeting held on 27.10.2022 at 11.00 A.M. under the Chairmanship of Chief Secretary, Odisha wherein it has been decided that additional charge along with EMF & DMF shall be deducted from the work bill of Works and other Engineering Departments in addition to the royalty of the minor minerals used in the projects. The said amount shall be included in the work estimate of the projects.

As regards to fixation of Minimum Guaranteed Quantity(MGQ) and Additional Charges for Minor Mineral Sources, all Collectors have been intimated vide Revenue & D.M. Department Letter No.11111 dtd.07.04.2022 (copy enclosed) to seek advisory assistance from the District Level Committee formed under the Chairmanship of Additional District Magistrate looking after minor mineral administration. The executive agencies may obtain the information relating to rate of additional charge from the Collector concerned.

You are, therefore, requested to issue necessary instructions to all concerned authorities under your administrative control for necessary realization of **additional charge along with EMF & DMF from the work bills** in addition to the royalty of the minor minerals used in the projects and to ensure that the said amount shall be included in the work estimate of the project.

Yours faithfully,

Additional Chief Secretary to Government
